British Council, 2018. € 50 p. Aptis is an innovative global English assessment tool from the British Council. It is an English test for adults and young adults, which can be used to assess English language ability in all four skills – reading, writing, listening and speaking.

Speech synthesis is the artificial production of human speech. A computer system used for this purpose is called a speech computer or speech synthesizer, and can be implemented in software or hardware products. A text-to-speech (TTS) system converts normal language text into speech; other systems render symbolic linguistic representations like phonetic transcriptions into speech.
