6 Classroom Games You Can Use To Re-Energize Your Students

A social-network game is a type of online game that is played through social networks. They typically feature multiplayer gameplay mechanics. Social-network games were originally implemented as browser games. As mobile gaming took off, the games moved to mobile as well. While they share many aspects of traditional video games, social-network games often employ additional ones that make them ...

Social-network game - Wikipedia

Massively multiplayer online role-playing games (MMORPGs) are a combination of role-playing video games and massively multiplayer online games in which a very large number of players interact with one another within a virtual world.. As in all RPGs, the player assumes the role of a character (often in a fantasy world or science-fiction world) and takes control over many of that character's ...

Massively multiplayer online role-playing game - Wikipedia

American Society of Safety Professionals. Speed networking is different from speed dating. While both resemble slow-motion games of musical chairs, speed networking allows you to pursue a wider range of goals, such as solving a business problem, obtaining a leadership role, improving a critical skill or even finding a new job.
