A Concise Guide to Technical Communication. - MTU

The main point in this chapter is that all professional writing is done for specific readers in specific situations, to communicate information that readers will use. The writer's primary purpose is not to express personal feelings or opinions or simply to transmit factual information; instead, the writer's purpose is to shape that information for the particular uses of a specific audience.

Chapter 1: Introduction to Technical Communications

Gurak is also co-editor of several edited collections and author on numerous conference presentations and papers; she is a recipient of the Society for Technical Communication's Outstanding Article award.
