The Manufactured Identity is clinical psychologist Heath Sommer's ever-escalating immersion into the world of unlikely friends who each awaken to find their faithful companions missing Months after his mysterious disappearance from a routine fishing trip, no one really expects over-the-hill Texas housewife Lory Latchley to find her missing husband--especially her husband.

The Manufactured Identity by Heath Sommer - Goodreads

The Manufactured Identity is clinical psychologist Heath Sommer's ever-escalating immersion into the world of unlikely friends who each awaken to find their faithful companions missing without warning or reason. Desperate to find meaning in their pain, they are thrust by the auspices of fate into a common thread of mystery and human frailty.

The Manufactured Identity: Heath Sommer: 9781606965504

Identity management is essential to authentication, encryption and user activity policy. Mobile identity management is the natural evolution of what's historically been called AAA: authentication, authorization and accounting, three of the core components of any effective IT security strategy.
